Hardware Compatibility Guide

Arcade Collection Compatible Hardware

Check the chart below to determine if your Motherboard and Video Card are compatible with the IT Arcade Collection product. With compatible hardware, the following games can be converted: Golden Tee LIVE, Silver Strike LIVE and X, Silver Strike Bowlers Club 07 & 09, Target Toss Pro, Power Putt Golf.

The original Silver Strike Bowling **cannot** be converted.

- ♦ Arcade Collection does not support the 865 or 915 motherboards due to antiquated hardware limitations.
- ♦ The DG965 through 65AL motherboards use an older PCIe socket that is not supported by the 1650 video card.

If your system is operational, follow the steps on the following page to determine your system's current hardware configuration.
